

Vote "NO" on Amendment 2 on November 6th!

Amendment 2 Will Hurt All Pregnant Women

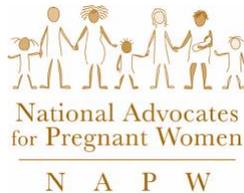

Supporters of Amendment 2 claim that it will only impact the issue of abortion. But Amendment 2 would make it state policy – under *all* of Alabama's laws -- to "recognize and support the sanctity of unborn life and the rights of unborn children." **This Amendment is in fact a "personhood" measure**, just like similar measures defeated by people in Mississippi, Colorado, and North Dakota. For more information, go to <http://www.advocatesforpregnantwomen.org/>.

Who Will Be Hurt?

- ✓ *People Who Need IVF (fertility treatment)*
- ✓ *Women Who Experience Stillbirth or Miscarriage*
- ✓ *Women Who Do Anything That a Husband, Neighbor, Police Officer or Doctor Believes Risks Harm to Fertilized Eggs, Embryos or Fetuses*
- ✓ *Women Who Have Home Births*
- ✓ *Women Who Disagree with Their Doctor's Advice*
- ✓ *Families of Women Locked Up Because They Had a Pregnancy Loss, Home Birth or Abortion*

These possibilities are not far-fetched or some kind of scare tactic. The Alabama Supreme Court has already interpreted *one* law to allow the arrest and incarceration of pregnant women and mothers based on "the rights of the unborn." If Amendment 2 passes, police, prosecutors, judges, and other state employees would all have the legal authority to use every Alabama law in a way that permits government agents to arrest, detain, or control pregnant women.

Value Pregnant Women and Mothers! **Vote "NO" on November 6th!**
